Radiographic image: It is a violation of state law to treat a patient without adequate diagnostic x-rays radiographs. All new patients will be required to have two sets of x-ray images taken at AvA Orthodontics prior to consultation visit. Due to the diagnostic value of these highly specialized images, AvA Orthodontics refuses to accept images taken at other offices. Additional x-rays will be required from time to time during the treatment without additional cost to your treatment. State law also dictates that a patient cannot consent to negligent treatment. You may request x-ray images to transfer to your family dentist for an additional fee.
